Emarsys Empowers Marketers to Be the BEST

We consolidate your data, helping you become more agile with more predictable profits.

- Customer lifecycle management helps surface potential revenue opportunities for each stage of the buying cycle.
- Get recommendations for the most effective tactics to maximize profitability.

Move at the pace of the market and pivot campaign creation faster.

Personalization tokens and content blocks help you create content once and use it across your channels.

Our native asset library with content blocks enables you to update content across multiple campaigns in one click.

SCALE RESOURCES

Generate more marketing revenue with an effective IT partnership and future-proof your team with a single platform.

Our 60+ pre-built industry tactics are proven to drive faster results.

DRIVE ADOPTION

Achieve omnichannel marketing faster with our marketer-friendly platform and marketing experts. We rank highest in user adoption according to G2.

Add new channels faster, like web, ads, push, SMS, conversational channels, and mobile wallet.

Emarsys integrates with your existing marketing and commerce channels, enabling you to rapidly launch campaigns.
